LEGISLATIVE HAPPENINGS

Warm Time in the Senate. Briberv Charges. Investigation Demanded

SACRAMENTO, Feb. 6, 1905.—Since writing my last letter much has happened that will make this Legislature famous for many years to come. Two weeks ago it was predicted that the present session would prove to be the tamest and most uninteresting one yet had. But how things change! Now it promises to be the most sensational session the State has ever known. Just as things had settled down to dry routine work a bombshell was exploded and the reputations of four Senators have been forever blasted.

The Committee on Commissions and Retrenchment was investigating the various building and loan associations. The Continental Building and Loan Association was under investigation and its secretary, Wm. Corbin, had refused to heed the subpoena of the committee. The committee had haled him before the Senate to show cause why he shouid not be punished for contempt. Wm. Corbin came before the bar of the Senate and thru his attorney, Frank D. Nicoll, boldly charged four of the committee—Senators Emmons, Bunkers, French and Wright—with bribery, and presented affidavits to prove his charge. It was a master stroke engineered by the wily McNab who had set a trap to catch the unwary Senators. According to the testimony, Joseph S. Jordan, a representative of the S. F. Post, was the go-between to make terms for the accused with the four associations that were to be held up as it were. Gavin McNab and Fremont Older of the Bulletin, with the assistance of two detectives, laid a trap to catch Jordan. As the story goes, Jordan was to be given a commission of $250 and each of the four Senators was to receive $350, with the understanding that the associations named were to be given a clean bill of health. McNab and Older marked the paper money and took down the numbers for future identification. Then they gave the money to the detectives who came to Sacramento and made their deal with Jordan. The money was turned over to Jordan in four packages of $350 each, which were in turn given by him to the respective Senators, the detectives being eye witnesses when Emmons and Bunkers received their packages. Jordan then gave Wright and French their share, but there were no witnesses to this transaction. So this is the story that has paralyzed the Senate and forever blasted the reputations of the four Senators. Each of the accused Senators has denounced the whole story as false and claim that they can prove their innocence. They say that they never received one cent and had no arrangements with Jordan whatever. That if such a thing took place Jordan got the money and sold them out without their knowledge. It is surely a most deplorable condition of affairs, and if the story is false the Senators are still ruined forever, for there is no reparation that can be made that will bring back to them an untarnished reputation.

The defense will begin to put in their testimony soon. They will attack the reputations of Corbin and the two detectives and try to show them to be unworthy of belief.

February 7th.

The accused Senators began putting in their defense this week. The testimony adduced was to show that detectives Tichenor and Hartling bore a bad reputation and were unworthy of belief. Numerous witnesses were called from Sierra county, Bakersfield, Los Angeles and San Francisco to prove this. But Gould, McNab and Nicoll in cross examination brot out the fact that many of the witnesses were prejudiced because the two detectives had at some time or another used evidence against them. Some of the evidence against the detectives, however, was very strong, but the case of the accused was correspondingly weakened on account of the fact that some of the witnesses used for the defense had been law breakers at some time in their careers.

Senators Coggins, Bauer and Rambo were also called to show that the four accused Senators had run the work of the committee pretty much their own way by not consulting them. This was not a very material point, however, as these Senators were seldom present, naturally leaving the matter of committee work to those present—Senators Emmons, Bunkers, French and Wright. So far few of the witnesses ever saw Jordan around the committee rooms.

Union High School Banquet

One of the prettiest banquets of the season was given at Sanford hall last Friday evening by the class of '06. The hall was beautifully draped in streamers of blue, caught up in the center by a huge bunch of mistletoe. Great knots of blue hung on the electric lights and down over the stairway. The favored few assembled at eight o'clock, and, after a program which displayed no little talent, the sounds of the piano announced the grand march. At 11 o'clock all adjourned to the banquet room which was also draped in blue and the tables decorated with violets. A great '06 made of violets was in the center of the table and clusters of violets lay at each plate. After the many good things had been eaten a few toasts were given. Mr. L. W. Babcock gave a toast to the class and Mr. and Mrs. Westerman "To our Sweethearts." After the supper there were a few more dances which closed with "Home, Sweet Home" waltz.

The souvenirs of the evening were white scrolls pierced with a gilt feather pen, which were tied in blue ribbon. On these were written "'06 U. H. S." These are pretty remembrances of the class of '06, and, in the years to come, when the class of '06 is no more, these will grace memory's pages with happy recollections of that pleasant evening.

Those present were: L. W. Babcock, Mr. and Mrs. Westerman, Miss Mary Poage, Miss Gertrude Lamotte, Mr. and Mrs. Bernhard, Mr. Carpenter and Miss McAbee, Mr. Davis and Miss Taggart, Mr. McCowen and Miss Odle, Mr. Bradley and Miss Lyons, Mr. Roth and Miss Clarke, Mr. Marks and Miss Held, Mr. Clarke and Miss Hoag, Mr. Marks and Miss Stitt, Mr. Tindall and Miss Cooper, Mr. Pemberton and Miss Ford, Mr. Woodward and Miss Rennick, Mr. Henley and Miss Brown, Mr. Eversole and Miss Metcalf, Mr. Fallas and Miss Williams.

Kicked by a Horse

Supervisor Lawson met with a painful, but not serious accident, one day last week by being kicked by a horse, which resulted in a fracture of a bone of his leg. In consequence Mr. Lawson was unable to be present at the regular monthly meeting of the Board of Supervisors, which convened Monday last.

Rape Case

The case of the State vs. Wirt Darr, charged with rape, is now on trial in Judge White's Court.

Be sure to notice the change in Fallas' price list each week.

NEW POWER AND IRRIGATION CO.

The City of Ukiah Willing to Enter Into a Fifteen Year Contract

The organization of the Eel River Power and Irrigation Company and the election of officers therefor will take place in San Francisco this week and R. E. Donohoe and W. P. Thomas left Ukiah last Tuesday to be present.

The directors are: F. D. Madison, of San Francisco, W. W. Van Arsdale, H. B. Muir, R. E. Donohoe and W. P. Thomas.

The capital stock of $500,000 has all been subscribed and work on the tunnel will begin immediately.

It is announced that the plant will be located in the upper end of Potter valley, where a tunnel almost one and a half miles long will carry a large stream of water from Eel river thru the mountain, where it will fall 470 feet into the motors that will run the electric generators.

A 500 horse-power plant will be put in at first, but the tunnel and ditches will be large enough to carry water sufficient to run a 2500 horse-power plant.

Eel river will be the source from whence the water will be taken out at a junction about three miles above John Day's.

Engineer Donohoe will present his report of the surveys he has made for the tunnel, which will carry a stream of water three feet wide and four feet deep. Also the many preliminaries, such as diverting dams and storage reservoirs—where they should be located, etc.

The city of Ukiah is particularly very much interested in this enterprise and overtures for the purchase of the power and light are in progeess.

The Board of Trustees have already acted in the matter. At its last meeting a motion was made and unanimously carried, on behalf of the city of Ukiah, to make the new company an offer substantially as follows:

To enter into a contract with the new company to purchase for a term of 15 years, at $4.00 per horse-power, an electric current, the same to be delivered at the switch-board; the city to take 250 horse-power as a starter, with the absolute privilege of increasing the amount of current whenever the city sees fit, the limit being 500 horse-power.

The city of Ukiah is to have the exclusive sale of electricity for light and power within a radius of three miles square, with the court house as a center. This will give an area of one and one-half miles each way from the court house, excepting, however, the new company shall have the right to sell power to the water works for pumping water for municipal purposes, or do it themselves if they so desire.

But the city of Ukiah, however, reserves the right to use the power purchased to pump its own water in the future, if thought to be advisable or expedient; the right to sell power to any private corporation or party for the purpose of pumping and supplying water for municipal and domestic purposes within the boundaries already prescribed shall belong to the new company, but the city reserves the right to put in its own water works and use the power to pump its own water supply.

The city also reserves the right to sell light and power to Vichy Springs and the asylum.

The stipulations of this agreement do not of necessity require Ukiah the outlay of a dollar in the construction of any part of the plant, but after the same is completed and in operation and the current is delivered at the city switch-board, the city will thereafter, at its own expense, look after the power line between Ukiah and the upper end of Potter Valley, the point of generation. If, however, there should be any large outlay required, such as the putting in of new poles and wires, the company is expected to do the same.

The plant is expected to be completed and in operation on or before October, 1906.

All of our citizens are interested in the welfare of this new project, and it is one that marks the beginning of a new era of progress.

Death of James H. Carothers Sr.

Last Tuesday morning James H. Carothers senior breathed his last. For the past few years Mr. Carothers' health has not been very good. The immediate cause of his death was due to heart trouble and old age.

James H. Carothers was born in Brown county, Ohio, November 14, 1818, and at the time of his death was past 86 years of age.

When yet a child Mr. Carothers with his parents moved to Indiana. When a young man he again moved to Illinois and remained in Hancock county until he came to California. He crossed the plains the first time in 1850. Returned to Illinois in the fall of 1852, and in the spring of 1853 again crossed the plains with his family. During his first trip to California he was engaged in mining in and about what is now Placerville. On arriving here the second time in 1853, he engaged in farming near Stony Point in Sonoma county. He afterwards removed to Petaluma and later to Sacramento. By reason of the great flood in Sacramento in the winter of 1851-2, he returned to Petaluma where he resided until something like six years ago, since when he has lived in Ukiah.

His wife died in September, 1898. He leaves six surviving children, T. L. Carothers, J. H. Carothers junior, of Ukiah; Mrs. G. A. Hocker, Mrs. W. W. Stitt, of Santa Rosa; W. O. Carothers, A. B. Carothers, of San Francisco. He was a brother-in-law of the late Dr. T. L. Barnes. Mrs. C. L. Paine and John Carothers are two of his children that preceded him to the grave.

The funeral took place Wednesday afternoon from the residence of T. L. Carothers, and the interment was in the Ukiah cemetery, in the Masonic plat.

Following were the pall bearers: W. A. Hagans, John Taylor, William Ford, Ed. R. Wright, S. D. Paxton and S. M. Orr.

Death of S. W. Haskett.

Samuel W. Haskett, an old pioneer of this city, died Wednesday evening, age 74 years.

Samuel Washington Haskett was born in the State of North Carolina, and came to California in the early 60's. Mr. Haskett served one term as Recorder, and one term as Auditor of this county.

The deceased leaves a wife, four daughters and one son: Mrs. W. L. Bradford, of Red Bluff; Mrs. Jennie McCann, of San Francisco; Mrs. Rawson, of Los Angeles; Mrs. J. L. Hart, of Ukiah and Guy Haskett, of Willits.

The funeral takes place from St. John's M. E. Church today.

Says the Covelo Review of last week: "John Stephens, who has been visiting relatives here for several weeks, left this week for Ukiah, which was his boyhood home. After a few days visit at that place he will visit relatives in San Francisco and San Mateo. Mr. Stephens has been engaged in the sheep business in Southern Oregon for a number of years and now has a flock of 3300 in winter quarters near Red Bluff. Next June he will return to Round Valley and if the country looks as good to him in the dry season as it does now he will buy a sheep ranch.

Meritorious Publication

After three years' suspension, "The Candex of The Press," a monthly magazine based upon the daily newspaper, reappears under rather original cover and with most entertaining contents. It seems to bear the same relation to the dailies and the Sunday supplements that the Review of Reviews does to the magazines. In this respect it is unique among the periodicals of the time, and is cleverly and originally devised. The immense task of reading the principal newspapers of the world and selecting the best and most absorbing material from them is done with a skill which bespeaks much training and no little editorial grasp. The editor of the publication, Mr. Arthur L. Street, is its original founder, who comes back to it after a brilliant and unusual advance in his profession, during which he occupied the high post of managing editor of Collier's Weekly and afterward was the first editor-in-chief of the Associated Sunday Magazines. The sponsors are a successful group of western publishers, with means and enterprise, who operate under the name of The Calkins Newspaper Syndicate.

AGONIZING BURNS

are instantly relieved, and perfectly healed, by Bucklen's Arnica Salve. C. Rivenbark, Jr., of Norfolk, Virginia, writes: "I burnt my knee so dreadfully that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at J. R. Mathews' Pharmacy.

Earnings Show Increase

The gross net earnings of the California Northwestern Railroad for the last six months of 1904 show marked increases over the corresponding period for 1903 and 1902. The gross earnings for the six months in 1904 were $877,355; in 1903, $825,841; in 1902, $718,594. The net earnings for the same period were: In 1904, $275,090; in 1903, $232,465; in 1902, $245,379.

The surpluses, after all charges were paid, were $112,805 in the last six months of 1904, $76,395 for 1903, and $109,929 for 1902. The gross earnings for last December were $100,861; net earnings $26,880, showing a deficit after charges for the month of $6168.

They Were Congratulated

The San Jose Chamber of Commerce, the Board of Trade and a delegation of the big business men of the Garden City recently called at the winter quarters of the Norris & Rowe shows at Agricultural Park in that city and congratulated the young circus owners on the class of people they brot to the town. This was a high compliment as Messrs. Norris & Rowe have an army of over five hundred people employed at the winter quarters engaged in building new big wagons, dens, cages, floats, tableau wagons and properties for the forthcoming tenting season which begins with them in March. A large corps of animal trainers and riding stock is also engaged, together with hundreds of performers rehearsing their sensational acts. Norris & Rowe will visit every section of the Pacific Coast early the coming spring when they promise to have the largest and greatest organization they have ever attempted to handle.

Australia has 210 churches to every 100,000 people. England has 114 and Russia about fifty-five.

MENDOCINO COUNTY IN BRIEF

NEWSY NOTES FROM OUR CORRESPONDENTS

Hopland

HOPLAND, Feb. 7.—Mr. and Mrs. Ogden, the happy bride and groom, returned Sunday eve from their honeymoon trip.

Orval Grant, who had his leg broken last week, is getting along fine and says he is almost able to kick a "two step."

We are very sorry to say that Jay Fosgett has lost his job driving the school 'bus. One of the trustees caught him smoking a cigarette and promptly let him go and hired Frank Duncan, who has no bad habits. Jay says that Frank gave him the cigarette so he would lose his position and also says the cigarette was marked and came from either the "Examiner" or "Bulletin" office.

We are soon to have a new hotel in Hopland. Mr. J. Vassar has secured the lot where the Depot Exchange saloon now stands and will shortly begin the erection of a two-story eating and lodging house, so if you come to Hopland in the near future you will see the sign "VASSAR HOUSE" staring you in the face.

W. W. Thatcher informed your correspondent yesterday that as soon as he can find the plug, which he has mislaid, he will shut the rain off.

Our roadmaster, T. E. Armstrong, worked all day Monday with a 6-inch iron bolt in his gum boot. He found it—when he removed his boots at night. Poor man! How interested he must have been in his labor not to notice such a thing as a 6-inch bolt. But then Tom is very strenuous and an awful worker?

Another large band of hogs from Lake county was shipped yesterday to the city.

A party was given at the home of Mr. and Mrs. James Harrington last Saturday eve. Dancing, singing and games were indulged in till a late hour and after partaking of the bounteous spread we wended our way homeward, there to "wrap the drapery of our couch around us and lie down to pleasant dreams."

Another mask ball is to be given in the old school house, by the trustees, on Feb. 22d. This time the tickets will be marked down to a dollar per couple, including refreshments. So many requests have been made to the trustees to have another good time, and owing to the fact that so many could not attend the last on account of the rain, they finally yielded and concluded to "let 'er hum" once more.

Services were held in the Christian church last Sunday morning and evening, Rev. Hood occupying the pulpit.

THE BEST PHYSIC.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by J. R. Mathews' Pharmacy.

For Sale

Two good work horses and two good fresh cows for sale cheap. Enquire at this office.

FAILED.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians, without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by E. B. Gibson.

Covelo

COVELO, Feb. 6.—Mrs. O Cochard of late has been very much troubled with a kind of cancerous growth under one of her eyelids. It has become so painful that she has gone to San Francisco to have a surgical operation performed.

It is with pride that we can say without fear of a successful contradiction that the Covelo temperance lodge is the best equipped for conferring of degrees of any lodge in the whole State. This organization is largely attended and constantly increasing in numbers.

The friends of Mrs. J. H. Hale bid her adieu last week, the occasion being her departure for San Francisco to make a six weeks' visit with her daughter, Mrs. G. Langley.

The Masons are going to hold a special meeting at their hall next Friday night to confer the Master Mason's degree on a fellowcraft. Our local paper says the brethren are especially requested to bring refreshments with them, for they are going to have a big time.

Chas. Branscomb is back again. He has sold his ranch and in all probability will resume work at his trade—that of blacksmithing.

We are glad to announce that Mrs. Thomas Tawney has been successful in getting a government pension. She will receive $8 per month and the back pay will amount to over $1500. Quite a wad, but well deserved.

John Griffith took his departure a few days ago for his former "Old Kentucky" home. It is expected he will not return for several weeks.

Miss Mary Clifton has also gone on an extended trip to the Sacramento Valley to visit a brother and friends. We hope she will enjoy the trip.

Word has been received here that Mile Riffe has got a good position with a surveying party in Nevada. Wish him well.

Guy Redwine has received from the State Surveyor-General a land surveyor's license which authorizes him to make surveys anywhere in Mendocino or Humboldt counties. He can "draw the line" all right enough. There is money in it.

Some of our enterprising property owners are placing gravel in front of their respective places. It is a commendable act.

AFRAID OF STRONG MEDICINES.

Many people suffer for years from rheumatic pains, and prefer to do so rather than take the strong medicines usually given for rheumatism, not knowing that quick relief from pain may be had simply by applying Chamberlain's Pain Balm and without taking any medicine internally. For sale by J. R. Mathews' Pharmacy.

Point Arena

POINT ARENA, Feb. 5.—Ed Zimmerman is back again from the city.

S. W. Ainslee has returned from a trip to Palo Alto.

The Native Sons had a right royal time during their recent installation of officers which are as follows: President, R. H. Caughey; 1st Vice-President, G. R. Pursell; 2nd Vice-President, J. P. Conner; 3rd Vice-President, Ed. Kehoe; Secretary, W. S. Williams; Marshal, Gus Miller; Trustees—J. P. Connor, Ed. Zimmerman and G. R. Jahnigan.

We have had nearly 30 inches of rain for the season.

A Newfield was here from the city last week looking after his interests.

A lot of young folks attended a social dance at the school house at Schooner Gulch and had a right good time. Harry Howe made it very interesting in his inimitable style of "fantastic" figures.

Willits

WILLITS, Feb. 8.—Better sidewalks is the cry. The City Trustees are advertising for bids for the construction of now walks to be built all over the city. However the Trustees have decided to give property owners the privilege of building their own sidewalks if in accordance to the specifications of the City Engineer. A good many property owners are availing themselves of the opportunity.

An athletic club is the latest. The club already has quite a number of members and more will join in the near future. It is a worthy purpose and young men will find it more conducive to health and a much better place than playing billiards and loafing around saloons.

Omer Shoemake is still at Ornbaun Springs and rumor says he is no better.

A Woman's Improvement Club is the latest. A "club" in the hand is worth two in the tree.

The Masonic lodge of this city, which is yet in its infancy, is growing very rapidly. No less than six persons were initiated into the mysteries of that organization within the past month and fully as many more on "probation." Only a few months ago a few zealous brethren of the order worked unceasingly to have a lodge established here and their labors are rewarded beyond their expectations. "So mote it be."

Born—To Mr. and Mrs. Thomas Moore Jan. 29th, a daughter.

The Ukiah Home Talent Minstrels will give a performance here tomorrow (Thursday) night, to conclude with a dance. Your reporter will be there taking notes.

Mr. Burgess and family, from Lone Pine, are now residents of this town. He is a carpenter by occupation and finds plenty of work.

Lots of young men knew Paul Van Horn, a former employe of the local railway. Well, he is to be married to Miss Bertie Edleman of Ida, I. T., on Feb. 7th.

Get Miller's three-seated surrey for funerals. tf

Fort Bragg

FORT BRAGG, Feb. 8.—Mrs. Maggie Silveria has returned to her home in Mendocino after a very pleasant visit with relatives and friends.

The old-time friends of Clarence E. McFarland are congratulating him upon his marriage with Miss Brown of Noyo. A long and prosperous life to both is our wish.

Geo. A. Johnson has completed a sidewalk made of cement around his business place. A commendable act.

The Redwood Hive No. 32 had an installation of officers on the 8th inst.

Charley Dahle has his new residence nearly completed.

A good many fruit trees will be set out in this vicinity the present season.

Fort Bragg was the scene of a lively legal battle and was throbbing with excitement for about two days last week over the suit against C. Guidi, charged with battery upon the person of Mary Garoni. J. C. Ruddock, one of your prominent attorneys, defended Guidi, and Thos. Rhodes conducted the prosecution. The case came up before Recorder Peirsol and was tried by a jury of six, who listened for two whole days to the evidence, and, after deliberating for only about eight minutes, brot in a verdict of not guilty. Another case against the same party was called, in which he was charged with selling liquor to a minor, and also permitting a boy, under age, to visit his saloon, had a hearing and was dismissed for want of proper evidence.

Mendocino

MENDOCINO, February 6.—Charley Swanson, of Caspar, is now the band saw filer in place of Frank Clark, who resigned a short time ago.

Amos Mahurin, for a long time working in the Big River woods, has gone back to Missouri with the intention of remaining. We'll bet our old hat he'll be back before the hot weather sets in in "Old Misery."

Miss Carrie Gonsalves is now in Stockton where she will take a six months' normal preparatory course. When she returns she will again apply for a teacher's certificate at Santa Rosa. Should she fail, she says she is going over into Lake county and make application there. That's a plucky girl, and she is smart, too.

To Mr. and Mrs. Walter B. Severance a son was born January 22nd.

Miss Kathryn Cooney, of Elk, who has been visiting here for a while, has returned.

The people of this town don't want any incorporation in theirs. At the late election the proposition was overwhelmingly defeated.

After a five months' stay in old Maine, Mr. and Mrs. C. O. Packard have returned both looking quite well.

The Mendocino High school has another new tpyewriter of the Remington pattern.

The North-side mill was started up last week as was expected and about 11 additional men have been added with Jake Studebaker as the head sawyer.

Ernest Gowan, for some time past engaged in the automobile business at Fort Bragg, has decided to once more engage in the business here. He is deservedly popular.

A MENACE TO HEALTH.

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. That ever welcome play, "Uncle Tom's Cabin," will be given at Marks' Opera House on Thursday evening, Feb. 16, upon a magnificent scale under the management of Leon Washburn. The part of Uncle Tom is played by Mr. Fred Bennett, probably the best known impersonator of the character in America, as he was the original Tom in Stetson's company, which has been before the public for many years. Misses Kitty Morgan and Bertha Crosbie are the Topsies, and Messrs. Nick Glinn and George Harris play the character of Marks the lawyer. There will be 50 capable people in the cast who are players of more than ordinary ability. Among the novel specialties introduced will be the buck dancing of Mr. Tom Kelly, the superb vocal numbers of the "Ladies' Creole Quartett" and the "Lone Star Male Quartette." The Death of M. B. Stoddard

Last week we published a brief notice of the sudden death of M. B. Stoddard at Fort Bragg.

The Fort Bragg Mail of the 3rd inst. prints the following particulars:

Mark Boles Stoddard, an old timer of thirty years and over, whose wife and family live in Fort Bragg, but who lived alone on his ranch on the Willits road, near Day's half-way house, died Thursday morning from the effects of chloroform poisoning, at the family home on Redwood avenue.

He had been stopping at Noyo for a day or two, returning home Wednesday evening. His wife discovered he had taken chloroform and summoned Drs. Caldwell and Beckman, who did all they could for him, but the deadly drug had done its work too well and could not be stayed.

He leaves a widow and six children: Mrs. L. C. Rodgers of Bear Harbor. Mrs. C. J. Lillie, Mrs. Victor Borgess of San Mateo, Mrs. Walter McGary of Locketord, Miss Ella, and a son, Edward Tichenor. Mr. Stoddard was born in New London, Conn., was 76 years old and in his earlier life followed the sea. He was employed as a bookkeeper by the Navarro Lumber company in '71 or '72, where he married Miss Minnie Hall, who was teaching school there.

High School Notes

In the banner contest last month the class of '05 was victorious and now the flag of '05 waves from the hill.

The school opened after the holidays with all the old members present and two more new faces within its walls.

The different classes are now recognized by their headwear and now the stranger sees the Seniors with their black caps, the Juniors with purple, the Sophomores with red and the Freshmen with green.

Vocal lessons are now given at U. H. S. and they prove to be an improvement and a success.

The commercial department has a good number on the roll and excellent work is being done.

The campus is graced with two new palm trees that will add beauty to the purple and gold field.

The boys are training for an interclass field day which will be in the near future.

A debate will be held soon by the Senior and Junior classes. This will no doubt be interesting as well as instructive.

The Adelphia Pastalia meets every second Saturday and it has some excellent debaters. U. H. S.

She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely." Refuse substitutes. Sold by E. B. Gibson.

STARTLING BUT TRUE

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number of over 3000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. WILCOX, Logan, New York. Sold by J. R. Mathews' Pharmacy.

They Lost Their Home

[Success]

...bling instinct. ...ance run out, ...they did not

They did not use good judgment or right proportion in their expenditures.

They subscribed for everything they could pay for on the installment plan.

Money enough went down in drink and up in smoke to have saved the home.

The father always intended to get his life insured, but died without doing so.

They did not realize how easy it is to get into debt and how hard it is to get out.

They tried to do what others expected of them rather than what they could afford.

They thought it small to insist on having an agreement or understanding put in writing.

They could not say "no," and could not afford to tell their friends, "I can not afford it."

The sons thought they must "sow their wild oats" as well as other "fellows of their set."

The daughters thought it beneath them to work for a living, but were bound to dress well.

They drew their money out of the savings bank to put it into some "wild-cat" scheme, and lost it.

They did not do business in a business way because they were dealing with relatives or friends.

The doctrine, "Each for himself and the devil take the hindmost," was, in effect, the family creed.

They never formed the habit of putting in the savings bank money which they did not immediately need.

They did not know that giving full power of attorney to an agent or lawyer put their property at his mercy.

They put off payments on everything possible because it would be so much easier to pay to-morrow than to-day.

They signed important papers without reading them or knowing their contents, just because they were asked to do so.

They ran accounts at the stores instead of paying cash, did not realize how rapidly bills were running up and never knew how they stood.

They entertained too expensively and a great deal more than they could afford because they wanted people to think they were in good circumstances.

The father thought that to go on a "spree" now and then was his prerogative as head of the family. After a while he availed himself of his "prerogative" once too often.

They let money enough slip thru their fingers to pay the mortgage several times over, but because the date of payment was so far away, thought there was no danger of losing their home.

Their efforts to force their daughters into the society of those above them, in the hope that they might make "brilliant matches," involved themselves hopelessly in debt.

Cuba's production of tobacco for the year 1904 was 415,000 bales, an increase of 74,000 bales over the yield of 1903.

Last year the production of cotton piece goods in Japan exceeded in value the amount of $80,000,000.

The first Mormon temple ever erected in Europe has just been completed in Stockholm, Sweden.

Visited Foreign Lands

On Monday evening Principal Smith took a group of High School students and friends on a delightful journey up the Appian Way, across the Tiber, down thru the Catacombs, and into the magnificent St. Peter's at Rome, thru the vaulted splendors of the ancient cathedrals and the Vatican, says the Mendocino Beacon of Saturday, and showed on canvas by means of his fine stereopticon and by brief descriptive remarks the alabastered and frescoed walls of gorgeous and ancient buildings built by the Roman conquerors before and after the beginning of the Christian era. The remains of the stadium and the coliseum in all their rugged splendor were shown in realistic conception. Naples and its famous bay were shown. In the distance stood that awful wonder, Vesuvius. The ruins of Pompeii as shown quickened the imagination as to the awful scenes enacted when the city, in A. D. 79, was buried beneath a blanket of ashes. Excavations of the ruined city reveal a state of civilization and domestic life existing at that time much in advance of that ordinarily supposed. The city lay buried until 1755, when it was rediscovered, but systematic excavations did not begin till 1850.

This is an example worthy of emulation by other teachers of Mendocino county.

SICK HEADACHE.

This distressing ailment results from a disordered condition of the stomach. All that is needed to effect a cure is a dose or two of Chamberlain's Stomach and Liver Tablets. In fact, the attack may be warded off, or greatly lessened in severity, by taking a dose of these tablets as soon as the first symptom of an attack appears. Sold by J. R. Mathews' Pharmacy.

From our books we can tell you (while you wait) the cost of an Abstract or certificate of title on your land. Ukiah Guarantee Abstract & Title Co.

GRAVE TROUBLE FORESEEN.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat, I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by J. R. Mathews, Pharmacist, at 50¢ a bottle.

Democratic Opportunity

Mr. Bryan has announced thru the columns of his paper, The Commoner, that the principal cause of Democratic defeat this year was that the men who secured control of the party organization at St. Louis sounded a retreat when a charge should have been ordered all along the line. He insists that conditions demand radical action, and that the people want something definite upon which they can rely. The Commoner, he announces, will carry on a campaign of education, advocating tariff reform, the overthrow of private monopolies, labor legislation, municipal ownership of public utilities, public ownership of railroads and telegraph systems, an income tax, the election of federal judges by the people, the election of United States senators by popular vote, direct legislation, and the selection of postmasters by the people whom they are to serve.

It will be necessary to regain control of the party organization. To do this the friends of reform thruout the entire country must work together. A Democratic paper of national scope offers the best means for carrying on this work, and the Commoner occupies this field. The campaign of education and organization which Mr. Bryan announces will be carried on thru the Commoner regularly so as to keep in touch with the progress the reform forces are making, and to fortify himself with facts and arguments to convince his Republican neighbor that the Democratic party offers the surest relief from class legislation and trust domination.

The low rate which Mr. Bryan has quoted on his paper enables us to send out The Commoner and THE DISPATCH both one year for $3.25. Get your neighbors to join you in circulating Democratic literature, and the election returns in 1908 will not call for apologies or explanations. tf

THE building which California will erect at the Lewis and Clark Centennial at Portland, Ore., will be one of the finest on the grounds. The building will also be one of the largest, and will cost $40,000. California's building will be of unique and appropriate design. The plans for the building, which have been approved by Governor Pardee, provide for a structure in the form of a cross, each wing to represent an old California mission. These missions are the Santa Barbara Mission, the El Carmel Mission at Del Monte, the Dolores Mission at San Francisco, and the San Carlos Mission at San Diego. Each wing will present an exterior different and distinctive, and the reproductions of the four missions will be faithful, and exact as to detail. The building will be two stories high. In the central dome a chime of mission bells will be installed. California's elaborate exhibit will be shown in this building. The exhibit will show in a comprehensive manner the resources of our State along the lines of forestry, mining, dairying, fruitraising, irrigation, and fisheries. The exhibit will be under the direct supervision of Governor Pardee.

SENATOR J. B. SANFORD has introduced a bill intended to give the people of the State a chance to express their preferences in the election of U. S. Senators. The bill is patterned after laws in Oregon and Wisconsin, which have stood the test of the courts. The bill provides that candidates for U. S. Senator may be nominated as candidates for other offices are, and that their names shall be placed upon the official ballot. The votes are to be counted and canvassed precisely as the votes for other offices, the returns to be forwarded to the Secretary of the State by the election officials of each county. The Secretary of State shall place these returns before the respective houses of the Legislature, and it is made the duty of each house to announce the vote when assembled to elect a Senator. Thereafter, the election shall proceed as is now by law provided. The idea of the bill is that legislators will feel themselves constrained to carry out the popular will, and thus that election of Senators by direct vote may be attained without waiting for the consent of the Senate of the United States. This bill has been reported favorably by the Senate committee on Federal Relations. It is the best that can now be done on this subject and should be enacted.—Star, San Francisco.

WE hear much about forging to the front, taking time by the forelock, seizing the bull by the horns, and the like, and also that the man with the tailhold is entirely ignored, says an exchange. We might add that nine men out of ten follow, and succeed, where one does who charges round at the front all the time. And then, if you miss the forelock, seize the tail. It is the hanging on more than the particular hold that counts. The man will go fast and nearly as far who has hold of the tail as the one hanging onto the horn; besides, he is enabled to hold on better, and is in less danger, unless kicked. Our advice to the Ukiah young man is, don't be too anxious to get too rapidly to the front, but tenaciously hang on to what you have, and you will get ahead in the world just as fast as you deserve.

PRESIDENT ROOSEVELT has sent a message to Congress imploring that body of lawmakers to make an endeavor to have a law on divorce that may be uniform throughout the States and Territories. Beyond a controversy such a law should be framed. The very laxity of divorce laws now existing in the different States, is a blot upon its people and should be eliminated and Congress should pass a law for the betterment of the present condition of affairs.

STATE INSTITUTIONS INSPECTED

A Pleasant Trip to the Southland to Inspect State Institutions

SACRAMENTO, Feb. 6, 1905.—The writer, in company with ten other Senators, has just returned from a so-called "junket" to the southland, where we had been sent as the representatives of five different committees to inspect the various institutions and report to the Senate what appropriations were really needed.

There were in the party Senators E. F. Woodward and wife, of Santa Rosa, J. B. Sanford and wife, of Ukiah, J. A. McKee and wife, of Sacramento, Clifford Coggins and wife, of Le Moine, J. H. Nelson and wife, San Francisco, C. W. Pendleton and wife, of Los Angeles, and A. E. Munster, of Stockton, Frank Markey and Phil Haskins, of San Francisco, J. B. Irish, of Downieville, and R. J. Welch, of San Francisco.

The committee left Sacramento on a Thursday evening and returned the following Wednesday. Those that think "junkets" are all pleasure should have followed this committee and observed the systematic work that was done. At each institution visited the committee held a meeting and went about the work along business lines and cut out all appropriations that seemed needless. The institutions visited were the Los Angeles Normal, the Hospital at Patton, San Diego Normal, Whittier School, San Luis Obispo Polytechnic School, San Jose Normal, and the Hospital at Agnews. We made a record time, traveled and worked day and night and got back before our leave of absence had expired. As to what was accomplished by the trip, I might mention that it will cost about $1,500,000 to run all these insitutions for the next two years. The cost of our junket trip south will be less than $1500, and yet this committee has saved the State about $100,000 by cutting out appropriations that seemed to us useless at this time. So this is one junket that will prove beneficial to the taxpayers. The committee will probably visit Ukiah in the near future and inquire into the needs of the State Hospital there. The Hospital Committee and the Finance Committee of the Senate have already recommended my bills for improvement of the grounds and the digging of artesian wells. J. B. S.

SYNOPSIS

The scene of this Opera is laid near one of our large cities, which nine years previous was the happy home of "Genevieve," with her sister "Isidore." Genevieve, while out for a walk, was stolen by an old Italian couple to take the place of their little one who had died. She was taken by them to their rude home far away, and taught to sell flowers. They finally drifted to the scene of Genevieve's home, where the old flower vender, who had lost his wife, and had not long to live, returns her to her sister Isidore, who has daily prayed for her restoration.

The hall will be heated for this occasion.

Another Old Pioneer Gone

Another old pioneer by the name of Thomas McFarland, passed to the beyond at his home in Redwood Valley a week ago today. His age was 76. He came to California in 1852, settling on the Feather river. In 1874 he settled on the Pete Howard place in Coyote valley, which he sold after a few years and took up land south of John Mewhinney's in Potter valley. This he also disposed of and has since made his home in Redwood valley. The interment took place last Sunday, followed by a large concourse of his old-time friends to his final resting place.
